# Success Story **BANK JATENG**

## **Pain Problem:**

Pernah terjadi pencurian di salah satu cabang ATM Bank namun hasil rekamannya Buram dan Resolusi Rendah. Selain itu, existing camera yang masih berbasis DVR memakan banyak storage yang juga harus dilakukan backup secara berkala dengan dedicated manpower di Bank Jateng.

## **Solusi:**

IP Camera (EazyCam Indoor 3MP), Cloud Recording

## **Impact:**

Kini rekaman video sudah lebih jelas dari sebelumnya (dengan resolusi 3MP), Penyimpanan sudah di cloud dengan retention 30 Hari.
